

COMPANY PROFILE

UK

3C Catene is an **artisan Company** at the second generation, managed by Walter and Luca Cortiana, sons of the founder Giampietro. It is based in Lecco, famous and recognized Italian district for metallic wire.

3C Catene operates in both domestic and international markets since 40 years.

It is specialized in the production of metal chain of small size.

Today it is **the largest National Italian producer** of welded chain from 1,30 up to 3,90 mm made in **steel** and **stainless steel**.
